

**Complications In Aesthetic Medicine:
diagnostic-instrumental evaluation
and therapeutic intervention**

16th May 2019 - Sergio Maggiori Room (Lobby level) - 2:15 pm - 7:40 pm

Scientific Director: Gloria Trocchi

Instructors: Bruno Bovani, Maurizio Cavallini, Francesca Romana Grippaudo, Lia Pirrotta, Giovanni Salti, Gloria Trocchi

Training Objective: Patient safety, risk management and professional responsibility (6)

Number of participants: 80

Duration of the training activity: 5 hours of scientific activities

Assigned Credits: 6,5 CME formative credits

Professions that the Course is open to: Surgeons (all fields)

1:45 pm Participant registration

2:15 pm **Introduction to the course**

Gloria Trocchi

2:30 pm **Complications in Aesthetic Medicine (threads, fillers, botulinum toxin, lasers and other technologies for Aesthetic Medicine): an overview**

Maurizio Cavallini

3:00 pm **Prevention of complications in aesthetic medicine**

Lia Pirrotta

3:30 pm **Thread complications: diagnosis and therapy**

Maurizio Cavallini

4:00 pm **Diagnostic classification of filler complications**

Gloria Trocchi

4:20 pm **Ultrasound investigation in the diagnosis of Aesthetic Medicine complications**

Gloria Trocchi, Rita Ausilia Cammarata

4:40 pm **Medical treatment of filler complications**

Giovanni Salti

5:10 pm *Break*

5:25 pm **Surgical treatment of filler complications**

Francesca Romana Grippaudo

5:55 pm **Management and treatment of medical and laser equipment complications**

Bruno Bovani

6:25 pm **Presentation and discussion in plenary session of clinical cases**

Bruno Bovani, Maurizio Cavallini, Francesca Romana Grippaudo, Lia Pirrotta, Giovanni Salti, Gloria Trocchi

7:10 pm **Plenary discussion on the topics discussed (Q&A)**

7:40 pm *Conclusion of scientific activities and completion of CME questionnaires by learners*
