

UN EFFICACE AUSILIO PER LA CORREZIONE DEGLI INESTETISMI: NUOVI PEELING CHIMICI IN COMBINAZIONE CON LE ALTRE METODICHE

Giuseppe Maria Izzo

DA PIU' DI 40 ANNI ABBIAMO PROVATO TUTTE LE TIPOLOGIE DI PEELING CHIMICI PRESENTI IN ITALIA, OSSERVANDONE I MIGLIORAMENTI FORMULATIVI, SEMPRE PIU' CONVINTI DELLA LORO IMPORTANZA IN MEDICINA ESTETICA, PER CORREGGERE GLI INESTETISMI DA FOTOAGING, LE LESIONI DELL' ACNE ATTIVA E CICATRIZIALE, LE IPERCROMIE, SIA DA FOTOAGING CHE IL MELASMA. NEGLI ULTIMI TRE O QUATTRO ANNI ABBIAMO INIZIATO A STUDIARE UNA LINEA DI PEELING CHE POSSA ESSERE UTILIZZATA IN MODO DUPLICE, SIA DAI MEDICI CON POCA ESPERIENZA DI PEELING SIA SAI COLLEGHI GIA' ESPERTI, PER CUI E' STATO CREATO UN ATTIVATORE CON TCA 20% A BASSISSIMO Ph. PRESENTIAMO UNA SERIE DI CASI CLINICI TRATTATI CON I PEELING DELLA LINEA CON LE POSSIBILI TECNICHE DA ASSOCIARE PER L' OTTIMIZZAZIONE DEI RISULTATI CORRETTIVI.

AN EFFECTIVE AID FOR THE CORRECTION OF BLINDS: NEW CHEMICAL PEELINGS IN COMBINATION WITH OTHER METHODS

FOR MORE THAN 40 YEARS WE HAVE TRIED ALL TYPES OF CHEMICAL PEELING PRESENT IN ITALY, OBSERVING THE IMPROVEMENTS OF THE FORMULATIONS, INCREASINGLY CONVINCED OF THEIR IMPORTANCE IN AESTHETIC MEDICINE, TO CORRECT IMPERFECTIONS FROM PHOTOAGING, ACRIZATION AND DAMAGE HYPERCHROMIES, BOTH FROM PHOTOAGING AND MELASMA. IN THE LAST THREE OR FOUR YEARS WE HAVE STARTED TO STUDY A PEELING LINE THAT CAN BE USED IN A TWICE WAY, BOTH BY DOCTORS WITH LITTLE EXPERIENCE IN PEELING AND YOU KNOW COLLEAGUES ALREADY EXPERTS, FOR WHICH A 20% ACTIVATOR WITH T-ACTIVATOR HAS BEEN CREATED VERY LOW Ph. WE PRESENT A SERIES OF CLINICAL CASES TREATED WITH LINE PEELINGS WITH THE POSSIBLE TECHNIQUES TO BE ASSOCIATED FOR THE OPTIMIZATION OF CORRECTIVE RESULTS.
